

Our Research Analysts

Caroline Palomeque

Caroline joined WallachBeth in July 2015 as a Biotech Analyst. Most recently, she served as a Consultant for the biotech team at Oppenheimer & Co. Previously, she was an Associate Analyst covering biotechs at JMP Securities since 2012. Before that, she was a Senior Consultant on the Healthcare team at Investment Technology Group. Preceding this, Caroline worked on the biotech team in the Global Investment Research division at Goldman Sachs. She began as a research associate covering the biotech sector at Natexis Bleichroeder.

Prior to Wall Street, she was a Research Coordinator at the Mount Sinai School of Medicine where she conducted scientific research in molecular epidemiology and biomarkers in cancer.

Caroline has co-authored several publications in peer-reviewed scientific journals. She holds a B.S. in Neuroscience from the University of Massachusetts at Amherst and an MBA in Finance from the Fordham Graduate School of Business. She is a member of the New York Society of Security Analysts.

Brian Jeep

Brian joined WallachBeth in April 2014 as lead Pharmaceutical Analyst. He has worked in or covered the pharmaceutical industry since 2001 and began his research career in 2008 at Sidoti & Company as a small-cap Healthcare Analyst covering Pharmaceuticals, Drug Delivery, and Diagnostics. Brian joined Wells Fargo Securities in 2010 where he covered Specialty, Generic, and Major Pharmaceuticals as Vice President, Pharmaceuticals Equity Research.

Prior to entering the field of Equity Research, Brian worked seven years as a Chemist and in several operational roles at GlaxoSmithKline. He holds an MBA with a concentration in Investments, Corporate Finance, and Accounting from Washington University's John M. Olin School of Business and a BS in Biology from Rockhurst University.
